Numerical Algorithms

Winter semester 2013/2014
Prof. Dr. Carsten Burstedde
Philipp Morgenstern

universität**bonn**

Exercise Sheet 7.

Due date: **Thursday, 9 January**.

Programming Exercise 2. (FE solver)

Extend your program:

Account for non-homogeneous Dirichlet and Neumann boundary conditions.

(6 points)

Submit your solutions via email to morgenstern@ins.uni-bonn.de .
Deadline is 23:59 on Thursday, 9 January.
